Section No. 20300—Cash Disbursements Accounting	DATE	October 1, 2009

Policy

Applicability These policies apply to **Executive Branch** agencies. Executive Branch agencies are authorized to adopt more restrictive policies and procedures as approved by the Agency Head. Agencies must retain a written copy of these more restrictive policies and procedures signed by the Agency Head. All Cabinet members and their staff, agency heads, and Executive Branch boards and commissions must comply with the State Travel Regulations, the same Regulations to which all other Executive Branch employees are held accountable.

Legislative, Judicial, and Independent agencies may establish their own travel policies, subject to the relevant laws and written authorization by the appropriate governing body. Non-Executive Branch agencies that have adopted travel regulations, which exceed the limits contained in this topic, must submit copies of their travel policies and procedures to the Department of Accounts.

Expenses Must be Reasonable and Necessary The Commonwealth of Virginia will reimburse individuals traveling on official State business for reasonable and necessary expenses incurred. Travel expense accounts are open to the public and must be able to sustain the test of public review. When planning and paying for travel, economy, prudence and necessity are of primary concern. The use of State funds to accommodate personal comfort, convenience, and taste is not permitted.

It is the policy of the Commonwealth of Virginia to limit travel costs to only those expenses that are necessary for providing essential services to the Commonwealth's citizens. Further, travelers and travel planners must seek ways to reduce the cost of essential travel.

Agencies must communicate State travel policies, regulations and procedures to all employees who travel on State business. Additionally, agencies must ensure that all travel expenses conform to the State travel regulations.

Definitions

Agency Any commission, department, division, institution, board, council or other organization of the Commonwealth of Virginia operating from State funds.

Agency Head or Designee An agency head is the officially appointed, elected or designated individual who directs, and is ultimately responsible for, the overall operations of an agency or institution.

A designee is any other person appropriately designated to act on behalf of the agency head. Such designation must be approved by the agency head in writing and retained on file within the agency. These listings should adhere to the record retention policy in order to provide adequate evidentiary support of appropriate approvals for audit/review purposes. Copies of written designee listings must be provided to the Department of Accounts upon request.

Base Point Place, office, or building where the traveler performs his/her duties on a routine basis. Multiple base points are not allowed.

Commuting Mileage Round-trip mileage traveled routinely by the employee between his residence and base point. Mileage and other commuting cost incurred during commuting status are considered a personal expense and are not reimbursable.

Exempt Agency A State agency that does not fall under the Executive Branch of State government or whose enabling legislation establishes the organization as a separate political subdivision of the Commonwealth.

- Reason for travel and any unusual fees such as charges for changing reservation/ticket
- Hard-copy confirmations of expenses if online methods were used to procure services (to confirm cost).

Travel Reimbursement Requirements, Continued

Travelers must submit the TERV to the supervisor within 30 working days after completion of the trip (See CAPP Topic No. 20336, *Agency Travel Processing*). In the case of continuous travel, the traveler must submit the voucher to the supervisor within 30 working days of the last day of travel for which reimbursement is requested. However, reimbursements must be processed in a timeframe that allows travel charge card payments to be made by the specified due date.

By signing the travel reimbursement request, the traveler is certifying the accuracy of all information and the legitimacy of the travel. The signature of the traveler's supervisor certifies that the supervisor agrees that the travel was necessary and the requested reimbursements are proper. It is the responsibility of the Fiscal Office at each agency to ensure that any type of reimbursement (Travel, Vendor Payment, Petty Cash, etc.) is not paid more than once.

Travel Planning

Introduction

Travelers must prepare an estimate of the total cost of any proposed overnight travel expected to exceed \$500. An appropriate member of management must authorize planned travel, including cost estimates, prior to travel, on a form acceptable to the agency. The agency may determine the appropriate member of management at its discretion. To ensure adequate planning (identification of costs and exceptions), the requirement to prepare a cost estimate for overnight travel expected to exceed \$500 also applies to agency heads and cabinet. However, the requirement to obtain authorization for agency head and cabinet travel applies only to cases in which exceptions must be obtained or for international travel.

Total cost includes lodging, transportation, meals, conference registration, and any other travel costs or course fees. Costs of the trip that may be direct billed, such as lodging or conference registration, must also be included in the cost estimate. The estimate must accompany both the Travel Expense Reimbursement Voucher and any applicable direct-billed Vendor Payment vouchers. For planned travel, the traveler must be able to demonstrate, with documentation, that a reasonable effort was made to secure the most cost beneficial means of travel for the Commonwealth.

If an agency has any agreements with individuals under contract to conduct business with the Commonwealth, these expenses should be paid with an Accounting Voucher. When entering into such contracts, agencies should adhere to the dollar limitations outlined in this section or clearly document the business case for any deviations. If there is no contractual agreement specific to travel and travel expenses (hotel, air fare, meals, mileage, etc.) and such expenses are incurred, the dollar limitations and documentation requirements outlined in this section are applicable.

Internet Usage

In addition to all other policies set forth in this travel policy, the following policies must be adhered to when using the Internet to purchase travel services.

Usage of the Internet to procure travel services is allowed. Use prudent judgment when choosing an Internet travel service site. The traveler must comply with procurement guidelines.

Suggested sites include:

- Priceline.com
- Expedia.com
- Orbitz.com
- Travelocity.com

Travel Planning, Continued

When paying for services via the Internet, the following methods may be used:

- Bank of America Visa Individual Liability Travel Card—may be used for all types of purchases (i.e., hotel, transportation tickets)
- Bank of America Visa Agency Airline Travel Card (ATC)—may only be used for **AIRLINE** tickets
- Bank of America Visa Agency Purchase Charge Card (SPCC or Gold)—may only be used for transportation tickets (i.e., rail, air, bus)
- Personal Credit Card

In addition to other documents required by policy, the following supplementary documents must be submitted with the Travel Expense Reimbursement Voucher when procuring services via the Internet.

- Hardcopy final page from Internet site showing total cost and confirmed service.
- Airline confirmation (ticket stub) of the type of ticket purchased (e.g. coach, business).

Travel Involving Multiple Employees

To ensure all travel meets the test of necessity, travel involving more than three employees from a single agency to a single travel destination must be approved in advance by the Agency Head or designee. This includes travel of presenters as well as attendees. For international travel, such approval must be obtained from the responsible Cabinet Secretary. These provisions apply to daily as well as overnight travel.

Where it is determined that a seminar, workshop or training program is essential to staff development for five or more employees, the agency shall investigate the option of bringing the trainer on site instead of authorizing employees to travel to an off-site location. The agency shall document the comparative cost of an on-site session and retain such documentation on file with the agency travel records. The agency must also explore the practicality of fulfilling the desired staff development goals through use of studio and video teleconferencing where these options may be more cost-effective.

In selecting locations for meetings, agencies shall give first preference to State-owned facilities. For meetings of policy, advisory, or supervisory boards, the selection of a meeting site should reflect the policy that a public body conducting public business shall take care that public funds are expended prudently.

See **Conference Procurement** guidelines on the next page.

Conference Procurement

In planning for an agency-sponsored conference, the Lodging and M&IE guidelines in these regulations should be used as a measure of reasonableness. Agencies should be prudent in selecting the most cost beneficial option available to the Commonwealth. Agencies should follow the Department of General Services, Division of Purchases and Supply procurement guidelines. Documentation supporting the procurement must justify any costs in excess of the guidelines based on the overall conference procurement costs (i.e., free room space or other no or low-cost amenities needed for meetings).

For reimbursements where these guidelines are used, “Cost based on Procurement Guidelines” must be clearly stated on the reimbursement voucher.

Approval and Exceptions

Lodging Exceptions

Agency Heads or designees are responsible for ensuring travelers understand their responsibility for making a good faith effort to secure lodging within the guidelines before requesting exceptions.

For all official State business travel, the Agency Head or designee is authorized to approve reimbursement in advance, for lodging up to 50% over the guidelines when circumstances warrant. An explanation of the circumstances justifying the lodging exception must be attached to the voucher. As an example, this exception may be justified for conference hotels where it can be shown that the additional lodging cost will be offset by reduced local travel costs incurred for travel (e.g., taxi or rental car expense avoided) between a non-conference hotel and the conference location.

Only the Comptroller or his designee (Assistant State Comptroller) may grant exceptions for expenses exceeding 50% over the guidelines. Such approvals must be requested and granted prior to the travel and the approved request must be attached to the voucher for reimbursement. Requests for such exceptions must include sufficient documentation showing alternative cost comparisons justifying the exception. The cost comparisons must include the name and complete address of the hotels, including zip code, used for the cost comparison. These requests must be reviewed by the agency fiscal office, which must evaluate and approve the request **prior** to sending it to DOA.

Business Meal Exceptions

Agency Heads or their designee may authorize business meal reimbursements up to 50% over the applicable per diem guideline with sufficient justification and the original, itemized receipt. Business meal reimbursements above 50% over the applicable per diem guideline are not permitted. (See **Business Meals** for additional guidance.)

Designee Documentation

As noted in the Definitions section of this CAPP topic, an agency head may designate approval authority to other individuals in writing. These designee listings should adhere to the record retention policy in order to provide adequate evidentiary support of appropriate approvals for audit/review purposes. Copies of written designee listings must be provided to the Department of Accounts upon request.

Approval and Exceptions, Continued

Sponsored Program Funds Exception

All monetary travel reimbursements for meals, lodging, airfare, etc. funded solely from sponsored program funds are governed by the terms and conditions of the individual grant or contract. If the grant or contract is silent regarding these monetary reimbursements, the limitations in CAPP Topic Nos. 20335 and 20336 will apply. In all cases, administrative requirements cited in CAPP Topic Nos. 20335 and 20336 must be followed. “Sponsored Program” must be clearly stated on the reimbursement voucher. (See Definitions in this CAPP Topic No. 20335 and CAPP Topic No. 20336, Agency Travel Processing, for further guidance).

Travel Involving the Governor

To accommodate security concerns for travel accompanying the governor on trade missions or other travel involving marketing, the governor’s Chief of Staff may authorize certain exceptions to the regulations.

Approving Authority and Exceptions for Cabinet and Agency Heads

Approval for all trips must accompany the travel reimbursement voucher.

Approving Authority for Agency Heads – All non-exception based agency head travel vouchers must be reviewed and approved by the agency head’s fiscal officer or designee. Any exceptions to the Regulations for agency heads for domestic or international travel, including exceptions up to 50 percent above the guideline, must be submitted for approval in advance to the respective cabinet secretary along with an explanation of the justification. In the case of university presidents for domestic travel, such exception requests *must* be submitted to the Rector of the Board of Visitors.

Approving Authority for Cabinet Exceptions – All non-exception based cabinet and staff travel vouchers must be reviewed and approved by the Director of Selected Agency Support Services. Any exceptions for domestic or international travel, including exceptions up to 50 percent above the guideline, must be submitted for approval in advance to the Director of Selected Agency Support Services along with an explanation of the justification.

Reimbursement by Exempt Organizations

When travel expenses for agency heads and employees of non-exempt State agencies are reimbursed by organizations that are exempt from the State Travel Regulations, and exceed any of the guidelines established in these regulations, the respective cabinet secretary must approve the travel in advance. Reimbursement must comply with the travel policy in effect for the funding organization. When travel expenses for Cabinet Secretaries, which exceed the guidelines established by the Regulations, are reimbursed by similar organizations, the Director of Selected Agency Support Services must approve exceptions up to 50 percent above the guidelines and the Chief of Staff must approve all other exceptions in advance. Reimbursement must comply with the funding organization's travel policy.

The voucher package should include a notation "exempt organization," a copy of the approval if the usual limits are exceeded, and documentation of the actual reimbursement.

Lodging

Introduction

Lodging may be reimbursed when an individual is traveling overnight on official business outside his/her official station. Lodging expense reimbursement varies with the travel destination, but all expenditures must be necessary and reasonable. Primary responsibility for ensuring the reasonableness of amounts reimbursed rests with the Agency Head or designee. This includes ensuring that all travel expenditures have been approved at the appropriate level required, as defined in these regulations.

For exceptions, refer to *Approval and Exceptions* section.

Lodging Reimbursement Rates

Lodging guidelines for in-State and selected Out-of-State cities are provided in the **Lodging / M&IE Per Diem Guideline Tables**. The appropriate rate is determined by the physical location of the hotel and not the mailing address. When overnight stays are required while on travel status, first preference shall be given to selecting lodging in the economy class. Check, request and confirm government rates both at the time reservations are made and during check-in.

Reimbursement for lodging is limited to actual expenses incurred up to the guideline amount, plus hotel taxes and surcharges. Expenses in excess of the guidelines will not be reimbursed, unless approved in advance as required in the *Approval and Exceptions* section. Travelers who do not plan with careful consideration to these guidelines will bear the additional expense personally. In such cases, taxes and surcharges will be prorated and reimbursed only for the appropriate rate.

Alternative Lodging Authorization

When lodging other than hotels and motels is used, e.g., apartments, a comparison statement including **authorization by the Agency Head** or designee must be submitted with the travel reimbursement. The comparison statement should show the total cost for using the alternate accommodations and length of contract, the cost of the alternative accommodations, and net savings.

Non-Canceled Hotel Reservations Communicate travel plan changes to the hotel as soon as possible when a confirmed reservation is being held. Since hotels can charge for non-canceled reservations, these charges will **not** be reimbursed if the traveler is negligent in canceling reservations.

Number of Persons in a Hotel Room Generally when two or more people travel on official State business and stay in the same hotel room, the lodging guideline applicable to the travel destination in the area they are staying, plus the cost charged by the hotel for any additional persons in the room, will apply. Documentation from the hotel listing additional hotel charges for each additional person, per room must be provided. This regulation is not intended to discourage agencies from employing cost savings measures such as multiple travelers staying in the same room. However, do not diminish the overall savings that might otherwise be obtained by concurrently upgrading to luxury or premium accommodations.

For non-luxury, conference hotels the agency fiscal officer may approve lodging rates that are less than the lodging guideline applicable to the travel destination multiplied by the number of official business travelers in the room.

Advance Payments Advance payments for direct billed hotel/motel expenses are discouraged. Use of the State-sponsored Travel Charge Card is encouraged to secure room confirmations. Actual advance payments using the travel charge card program will not be reimbursed prior to the trip. If circumstances make advance payments a necessity, advance payments are limited to one night deposit for direct bill payments.

Direct agency billing of lodging expenses (rates, taxes, and surcharges only) incurred during overnight travel is permitted. Direct bill charges, however, are still considered travel expenditures and are governed by these travel policies and should be included with the estimated costs of the trip if the trip is expected to exceed \$500. A copy of the travel estimate should be included with the vendor payment. Direct agency billing of meal expenses incurred during overnight travel, including charging meals to direct-billed hotel rooms, is **not** permitted. Documentation supporting direct bills must include the name of traveler, dates, and purpose of travel.

Meals and Incidental Travel Expenses (M&IE)

Introduction

Generally, meals and certain incidental travel expenses are reimbursable on a per diem basis (not actual expenses) for **overnight** official business travel outside the traveler's official station. (See exceptions for business, overtime and law enforcement meals later in this topic.) **For exceptions, refer to the *Approval and Exceptions* section.**

M&IE Per Diem Allowance

Standard meal and incidental reimbursement guidelines (including all related taxes and tips) are provided in the **Lodging / M&IE Guideline Tables**. Regardless of destination, a flat **\$5** per diem amount is paid for each day of overnight travel for incidental expenses such as bellhop/waiter/taxi/limousine tips, personal telephone calls, laundry, and transportation between lodging or business and places where meals may be taken. The Incidentals amount is not prorated on a travel departure or return date. The flat **\$5** per diem is paid on all travel days.

The M&IE per diem shall be paid directly to the traveler even where it can be shown that one traveler incurred the expenses on behalf of another. The applicable M&IE per diem, or fraction thereof, is payable to the traveler without itemization of expense or receipts. Reimbursement for actual expense incurred during overnight travel for these expense categories is not permitted. Agencies may be more restrictive and pay the actual expenses up to the appropriate M&IE in place of maximum per diem.

M&IE Rate Table

The M&IE Rate Table below provides individual meal reimbursement amounts, which are breakdowns of the M&IE per diem rates shown in the **Lodging/M&IE Guideline** tables. These rates should be used to determine the maximum meal reimbursement amounts for official business meals and/or the M&IE reduction. The M&IE must be reduced for the applicable meal when meals are provided at no cost during an overnight travel period. Refer to the **Prorations and Reductions** section for additional guidance. The M&IE Rate table below reflects rounded amounts for the 75% travel days. This is intentional and intended to be more convenient for the agency and the traveler. This M&IE Rate table should be used unless a traveler needs to make an adjustment for provided meals. In the instance that an adjustment is needed, rounding is optional.

M&IE Rates

The following reimbursement policies apply.

- The M&IE per diem must correspond to the location specified for the overnight lodging.
- Direct agency billing of meal expenses incurred during overnight travel, including charging meals to direct-billed hotel rooms, is **not** permitted.

Prorations and Reductions

- On a travel departure or return day, 75% of the Meals per diem is reimbursed. For example, if the M&IE rate allows a \$46 total reimbursement, \$36.00 $[(\$46 - \$5 = \$41 \times .75) = \$30.75 + \$5 = \$35.75]$ which is rounded up to \$36] would be allowable on a travel departure or return day. For trips involving multiple travel destinations, base the reduction on the per diem in effect for where the night was spent as follows:
 - Departure Day: Where you spend the night.
 - Return Day: Where you spent the night *before* returning to home base.
- When meals are provided at no cost in conjunction with travel events, the applicable M&IE per diem reimbursement rate shall be reduced by the amount shown for the applicable meal in the M&IE Rate Table, excluding the incidental allowances. For example, if the M&IE rate allows a \$46 total reimbursement, and lunch was provided at no cost, the total allowable reimbursement for that day would be \$35 $(\$46 - \$11 \text{ lunch})$.
- However, when meals are provided at no cost in conjunction with travel events on a travel departure or return day, the full Meals per diem reimbursement rate is reduced by the full amount of the appropriate meals followed by a 75% prorating of the balance. For example, if the M&IE rate allows a \$46 total reimbursement, and lunch was provided at no cost on a travel departure or return day, the total allowable reimbursement for that day would be \$28 (rounded) $[(\$46 - \$11 \text{ lunch} = \$35 - \$5 = \$30) \times .75 = \$22.50] + \$5 = \27.50 .

When meals are included with registration or lodging expense as part of a package, the number and type of meals (breakfast, lunch, dinner) must be recorded on the travel voucher. If a continental breakfast or reception is offered as part of the travel event and the food/timing is sufficient to serve as a meal, the traveler must reduce the per diem by the appropriate allowance amount. If a meal is offered as part of a conference and the traveler has medical restrictions, the traveler should make every effort to have the conference facilitate his/her needs by the deadline specified by the conference. If the conference does not honor the request, the traveler is not required to deduct the applicable meal allowance from the per diem. However, the traveler must include a note or other documentation with the Travel Expense Reimbursement Voucher documenting this information.

Meals and Incidental Travel Expenses (M&IE), Continued

Allowed Expenses

Taxes and surcharges paid by the traveler for lodging.

Business Telephone Calls, Telegrams, and Facsimiles made for official business purposes and paid for by the traveler may be claimed on the travel reimbursement voucher. A full explanation must be stated on the reimbursement voucher accompanied by supporting documentation. Individuals using personally owned cellular telephones may be reimbursed for business calls when shown to be cost beneficial or necessary. In this case, an itemized cell phone statement must be included and attached to the voucher. In the event that free minutes are used for business calls, reimbursement is not permitted.

Tolls and parking fees are reimbursable when paid for by the traveler in the course of conducting official State business. A receipt is required for reimbursement claims where each individual claim is greater \$10. Reimbursement *must* be claimed as an “other expense” on the travel reimbursement voucher.

Funeral attendance expenses for travel outside of the official station are reimbursable for one employee selected by the Agency Head or designee to represent the agency. Lodging and M&IE are allowed if the representative is considered to be in travel status and overnight stay is required.

Disallowed Expenses

Disallowed expenses include:

- Lost or stolen articles
- Alcoholic beverages
- Damage to personal vehicles, clothing, or other items
- Services to gain entry to a locked vehicle
- Movies charged to hotel bills
- All expenses related to the personal negligence of the traveler, such as fines
- Entertainment expenses
- Towing charges, and
- Expenses for children, spouses, and companions while on travel status.

The above list is not all-inclusive. Travelers should use prudent judgment and remember that all travel expense accounts are open to the public and must be able to sustain the test of public review.

Travel Credits

Travel credits, reduced rates, or free services received from public facilities (i.e., airline, car rental agencies, motels, etc.) by individuals for whatever reason accrue to the Commonwealth. Any such credit, reduced rate, or free service must be reported to the agency fiscal office and must be deducted from the amount of travel expenses claimed.

Non-Travel Related Meals

Business Meals Generally, meal expenses must involve an overnight stay to qualify for reimbursement. In these instances, the traveler must adhere to the travel regulations outlined earlier for meal reimbursement.

Individuals who are not in a travel status are eligible for meal reimbursement if they participate in a business meal. Individuals in travel status may occasionally attend meals that qualify as business meals.

Such meals occur while the individual is on official business and must:

- Include Agency Head or designee approval.
- Involve substantive and bona fide business discussions and include the original, itemized receipt.
- List by name all persons involved in the meal and the reason for the meal. If the reimbursement is for a group of conference participants, identify the number of people fed and an explanation of additional meals, if necessary (e.g., coverage of walk-ins).
- Be reimbursed for actual expenses up to the amount shown for the applicable meal in the M&IE Rate Table, excluding the incidental allowance. (See **Business Meal Exceptions**)
- For individuals in travel status, the per diem allowance applicable to the business meal must be clearly excluded from the daily reimbursement.
- Delivery costs and a reasonable tip are reimbursable as long as the total cost does not exceed the allowable per diem for the meal.

IRS Reporting Requirements for Business Meals

Non-Law Enforcement Personnel

Business meal reimbursements which are not related to overnight travel and are made under an accountability plan are not generally considered by the IRS to be reportable income. Employees are responsible for reviewing and conforming to current IRS regulations.

Overtime meals are not considered Business Meals. See the **Overtime Meals** section for further information.

Law Enforcement Personnel and Sponsored Programs

IRS income reporting requirements for meals reimbursed under the law enforcement personnel meal reimbursement policy or the sponsored program exception must be determined by the disbursing agency based on the specific circumstances of each case.

Overtime Meals

Agency conditions that necessitate overtime vary greatly. An agency with special or unique conditions may submit, in writing, an agency-specific overtime meal policy to the Department of Accounts (Assistant State Comptroller). When developing an overtime meal policy, prudent judgment is expected to recognize only reasonable and necessary costs. An overtime meal allowance is a fixed dollar amount allowed while working or traveling in an overtime status. Overtime status is when work or travel time occurs beyond an employee's normal, scheduled work hours, but not overnight. Therefore, overtime meal allowance does not apply during overnight travel. In the case of overnight travel, per diem rates apply.

An overtime meal allowance is allowed when overtime worked is:

- Essential to the agency's mission
- Permitted by agency policy
- Approved by appropriate agency personnel, and
- In excess of the employee's normal, schedule work hours.

Note: Scheduled work hours and overtime hours worked for overtime meals must be included on the voucher.

Agencies are required to comply with IRS regulations regarding reportable meals. An overtime meal allowance based on the number of hours worked is considered taxable wages.

Overtime Meal Rates Absent an agency-specific overtime meal policy on file at DOA and when allowed by agency policy, the Overtime Meal Allowance policy described in the following table must be followed.

Law Enforcement Personnel Meals

Under certain circumstances, meals may be reimbursed when an overnight stay is not involved for law enforcement personnel. Reimbursement for actual meal expenses or fixed meal allowances may be paid by agencies, which have a policy providing for such payments, and the employees meet each of the following criteria. The officer:

- has arrest powers
- is sworn to uphold the law
- is permitted to carry a firearm, according to the *Code of Virginia*, and
- is required, according to agency policy, to be in an “on Duty” or “Ready” status during the meal period.

Minimum requirements for the *On Duty* or *Ready* status are as follows:

- The duties require the employee to be available during the meal period to perform public service such as reporting of accidents or dissemination of information concerning traffic, motor vehicle, or other laws (e.g. marine, game, forestry laws).
 - The employee *is required* to stay in close communication during the meal period for possible immediate response to emergency situations. Such response may interrupt or cancel the employee’s meal period.
 - The employee *is required* to have his/her meal in an area accessible to the public so that public services can be readily provided.

Transportation

State-Owned Automobile

Rules and policies for use of a State vehicle are defined in the Office of Fleet Management Policies & Procedures issued by the Department of General Services. Agency heads shall limit authorization for commuting in State-owned vehicles to those employees whose job travel requirements make commuting the only cost-effective or practical alternative. No appointee, serving at the pleasure of the Governor, shall use a State-owned vehicle for the purpose of commuting, except:

- where the commute is connected to a departure for or return from a trip on official State business, or
- where authorized by the Secretary of Public Safety for job-related emergencies.

Permanent use of State-owned vehicles by persons performing official State business is permitted as determined by the Agency Head. A written request must be made by the Agency Head explaining in detail the purpose or reason for such an assignment on forms prescribed by the Office of Fleet Management Services.

State-Owned Automobile—Permanent Basis

Agencies that have employees who travel frequently on official State business should request a State-owned vehicle on a permanent basis, if it is cost beneficial to the State. Such agencies should conduct a cost/benefit analysis on an annual basis to evaluate whether the use of permanently assigned, agency vehicles would be cost beneficial to the State. The cost/benefit analysis should consider the actual costs associated with providing State-owned vehicles including Office of Fleet Management charges, incremental administrative costs of establishing an agency fleet or adding vehicles to an existing agency fleet, vehicle parking costs, and any vehicle maintenance and operating costs not paid by the Office of Fleet Management Services. For further information and guidance concerning the use of availability of permanently assigned vehicles, refer to the Office of Fleet Management Policies & Procedures issued by the Department of General Services.

State-Owned Aircraft

State-owned aircraft are available on a priority basis and can be scheduled through the Department of Aviation (*DOAV*). Refer to the **Aircraft Use Policy and Guidelines** that can be found on DOAV's website at www.doav.virginia.gov. Costs should be compared with commercial rates to determine the best air carrier travel for State travel.

Personally-Owned Automobile

Employees are permitted to use their personally owned automobile when a State-owned vehicle or Office of Fleet Management Services (OFMS) rental vehicle is not available, or when the use of a personally owned vehicle is cost-beneficial to the agency. Employees electing to use their personal vehicle as a matter of convenience will be reimbursed for mileage at the lowest combined capital and operational trip pool rate charged by OFMS. The Personal Vehicle Use Statement at the top of the Travel Expense Reimbursement Voucher should be checked with the appropriate choice.

Current Mileage Rates

Reimbursement rates are set in the current Appropriation Act (Section 4 - 5.04f). Currently, the rates for the first 15,000 miles of use each fiscal year are:

- **Current IRS rate** - when a personally owned vehicle is cost justified or a State-owned vehicle/OFMS rental is not available.
- **\$.246 mile** - when use of a personally-owned vehicle is elected for the convenience of the employee.

Reimbursement rates are reduced to **\$.13/ mile** for travel in excess of 15,000 miles in one fiscal year, unless a State-owned vehicle is not available; then, the rate shall be **the current IRS rate**.

The current IRS rates can be found at the following site:

<http://www.irs.gov/formspubs/article/0,,id=178004,00.html>

If the higher mileage rate is used for reimbursement, the agency fiscal officer is responsible for ensuring the appropriate justification has been **documented and approved by the agency head or designee** (as outlined in the following sections). This documentation and approval must be attached to the Travel Expense Reimbursement Voucher.

Short Term Travel— Rental Car Contract

The Department of General Services, Office of Fleet Management Services (OFMS), maintains a contract with Enterprise Leasing to provide vehicles for short term travel by state employees

When preparing for a trip, the traveler should visit the OFMS website (at least 24 hours in advance)

<http://www.dgs.virginia.gov/OfficeofFleetManagementServices/TravelPlanning/tabid/170/Default.aspx>

and use the trip calculator to determine the vehicle cost for their proposed trip.

This cost should be used in the agency's cost benefit analysis as required in the following section. **All vehicle reservations must be made at least 24 hours in advance of the anticipated pickup of the vehicle.**

Rental of vehicles which exceed 30 days must have the **prior approval** of the Office of Fleet Management Services.

Cost Benefit Analysis

Agencies must conduct a cost/benefit analysis to determine whether a State-owned/OFMS rental or a personally-owned vehicle should be used in official State travel. It is expected that a good faith effort will be made to use the Enterprise Rental contract when practical. (See Short Term Travel—Rental Car Contract) Generally, a personal automobile is considered cost beneficial under the following circumstances:

- When occasional travel is planned for distances up to 100 miles per day. This distance may vary for agency-owned or operated fleets. For overnight travel, consider the average daily mileage over the period the State vehicle would otherwise be needed.
- For constant daily routine travel (agencies should consider the cost effectiveness of an agency fleet).
- When an emergency exists and is approved by the agency head or designee.

For all other circumstances, the OFMS TRIP CALCULATOR (See Short Term Travel – Rental Car Contract) should be used routinely to obtain the Enterprise vehicle cost for the cost benefit analysis.

Examples of other factors that can be considered in the cost benefit analysis are:

- Distance to the nearest Enterprise location and the hours of operation
- Administrative time required to obtain the Enterprise rental car
- The type of vehicle required and the number of travelers

The agency head or designee is authorized to approve the IRS rate in lieu of the Enterprise contract when a personally owned vehicle is deemed to be cost beneficial to the agency. This justification and approval must be documented and attached to the TERV.

Mileage Versus Air Costs When travel is by personally-owned automobile, the total of the expenses reimbursed, including meals and lodging, should not exceed the total cost of the trip using the most economical public air transportation fare available, also including meals and lodging. Agency Heads or their designees are authorized to grant exceptions to this policy when justified. Comparative statements should be attached to the travel voucher for reimbursement.

Commuting Mileage **Round-trip** mileage traveled routinely and directly by the employee between his residence and base point incurred on a scheduled workday is considered commuting mileage. An employee can have only one assigned base point. **Commuting mileage and other commuting costs incurred on normal workdays are considered a personal expense and are not reimbursable.**

Travel Routing Travel routing, whether by public transportation, privately-owned vehicle, State-owned vehicle or for-hire conveyance, shall be the most direct practicable route.

Base Point An employee can only have one base point, even if the employee has multiple work locations. It is the agency's responsibility to assign the base point to be used for reimbursement purposes.

The employee's residence can be assigned by the agency as base point where it is considered cost beneficial to the State. In this case, the mileage driven from the employee's residence to one or more temporary work locations, including the employee's central office, is official State business mileage and is fully reimbursable. **Agencies are expected to establish stringent administrative controls at sufficiently high levels to ensure that the assignment of an employee's residence as their base point is authorized only when justifiable.**

Weekend and Holiday Mileage Mileage incurred when the individual is required to work on a Saturday, Sunday, or holiday that is **not a scheduled workday** may be reimbursed **subject to an agency policy permitting such reimbursement.**

Out of Country Mileage Reimbursement for out-of-country travel will be at the rate established in the current Appropriation Act. However, if a higher personal mileage rate is justified, a request for approval must be mailed, faxed, or e-mailed to the *Assistant State Comptroller*.

Parking & Toll Expenses Parking and Toll expenses are reimbursable. A receipt is required for reimbursement claims where each individual claim is greater \$10. Reimbursement must be claimed as an “other expense” on the travel reimbursement voucher.

Public Transportation

Public transportation travel includes:

- Rental Car
- Plane
- Train
- Bus
- Taxi or Shuttle and other “for hire transportation”

Public transportation rates must not exceed those for tourist or coach class accommodations. Receipts for such expenses must be retained for submission with the travel voucher. Because of the liquidity of air and rail tickets, any unused portions must be returned to the agency for credit. Each agency *must* have a written policy and assigned responsibility for obtaining and controlling airline and rail tickets, particularly any unused portions.

Charges for changes to tickets/reservations to accommodate personal comfort, convenience and taste are not reimbursable. Change fees must be explained on the TERV.

For taxis, shuttle vans and other forms of “for hire transportation,” receipts are required **only** if the reimbursement claim exceeds \$10. Additionally, a reason should be identified on the voucher for the necessity of the “for hire transportation.” On a day trip where no per diem is reimbursed, a maximum of 15% of the taxi cab or shuttle service fare is reimbursable as a tip. For reimbursement, the Travel Expense Reimbursement Voucher must be divided into one amount for the fare and one amount for the tip. Receipts are not required for the tip reimbursement.

Public transportation from place of lodging to restaurants is allowed only for official business needs.

Air & Rail Tickets

Generally, airline and rail travel cannot exceed the rates charged for tourist/coach fare. With careful consideration of the reasonableness limitations specified in the **Expenses Must be Reasonable and Necessary** section of these regulations, the approving authority may grant permission for **business class** air or rail travel under the following circumstances:

Air

- When it does not cost more than the lowest available tourist/coach fare (comparison must be attached to travel voucher), or
- For travel to western Europe if the business meeting is conducted within three hours of landing, or
- For transoceanic, intercontinental trips involving flight-time of more than eight consecutive hours, or
- If the traveler pays the difference.

Rail

- When it does not cost more than the lowest available tourist/coach fare (comparison must be attached to travel voucher), or
- When reserved coach seats are not offered on the route, or
- If the traveler pays the difference.

Reimbursement for first class air or rail travel is prohibited.

Note: *Documents that validate the mode and class of travel* are required for all air and rail reimbursements made directly to the employee.

Air & Rail Tickets—Purchase Options

Agencies and institutions have four options available for the purchase of air and rail tickets:

- Bank of America Visa Individual Liability Travel Card – may be used for all types of purchases (i.e., hotel, transportation tickets)
- Bank of America Visa Agency Airline Travel Card (ATC) – may only be used for AIRLINE tickets
- Bank of America Visa Agency Purchase Charge Card (SPCC or Gold) – may only be used for transportation tickets (i.e., rail, air, bus)
- Personal Credit Card

Direct billing by travel agencies for the purchase of airline tickets is not allowed. Requests for the Agency Travel Card, Travel Card, and Purchase Card should be directed to the Department of Accounts, Charge Card Administration group at cca@doa.virginia.gov

Additional Airline Fees

Certain airlines now charge additional fees (baggage) for services formerly included in the airfare cost. When procuring airfare for business travel, travelers should consider total costs in selecting the most appropriate carrier. Airlines publish limits for baggage and the fees associated with those limits. Travelers are expected to be aware of these limits. In the event these limits must be exceeded for legitimate business purposes, the cost is reimbursable. A receipt and appropriate explanation must be included with the TERV.

Chartered Aircraft Travel

Chartered aircraft will only be used when State-owned aircraft are not available or will not meet customer needs. The Department of Aviation (DOAV) shall contract for all chartered aircraft on behalf of state agencies. Reference the **Aircraft Use Policy and Guidelines** on the DOAV's website at www.doav.virginia.gov. Chartering an aircraft is permitted when authorized in advance by the requesting agency's Cabinet Secretary or designee, and justified by a written cost/benefit analysis. The cost/benefit analysis must include a comparison of the total costs of the trip by alternative means of travel, including all associated costs, and may consider such benefits as reduced overnight travel costs and employee time out of the office, security, etc. A copy of this analysis and the written approval from the Cabinet Secretary or designee must be attached to the traveling agency's voucher.

**Personal Use
Aircraft Travel**

The use of personal aircraft is permitted for official state travel with the prior approval of the appropriate agency head. Personal aircraft usage by an agency head requires the prior approval of the appropriate cabinet secretary.

Documentation of comparable costs for other travel means must be included in the voucher package. The reimbursement shall be limited to the most economical means of travel available at that time. For example, if it were less costly to travel by commercial carrier, the reimbursement shall be limited to the lowest cost commercial carrier ticket available. The traveler must include a signed statement with the travel reimbursement request certifying that the amount requested represents the most economical use of public funds. As with all travel, it is the responsibility of the traveler and the agency fiscal office to ensure the most efficient use of taxpayer funds.

The reimbursement rate per mile shall be the amount listed by the federal government at the GSA website,

http://www.gsa.gov/Portal/gsa/ep/contentView.do?contentId=9646&contentType=GSA_BASIS

at the time of the travel. A dated printout of this site indicating the appropriate mileage rate for the travel time period must be included with the travel reimbursement voucher package.

Bus Travel

Permitted in lieu of automobile, airline, or train travel when cost beneficial.

Car Rental

Reimbursement of car rental expenses is limited to official business use only. Car rentals may be made through commercial rental agencies. The traveler must select the most economical contractor and type of vehicle available, and acquire any commercial rate or government discount available when the vehicle is rented. When possible, rentals should be arranged through a travel agency that has contracted with the Commonwealth to perform such services.

In most cases, rental vehicles would only be necessary after reaching the destination of travel. However, for travel initiated from the traveler's base point, the traveler may conduct a cost/benefit analysis to determine if it is beneficial for the State to use a rental car in lieu of a personal vehicle for the planned trip. The cost/benefit analysis should consider the cost of the rental car, any surcharges, and the cost of fuel for operating the rental vehicle. If this analysis demonstrates that it is cost effective to obtain the rental car and agency policy permits, a rental car may be used, and the analysis must be attached to the Travel Expense Reimbursement Voucher.

Car Rental Insurance

The option to purchase insurance offered by rental car contractors depends upon the following circumstances:

If the traveler is a . . .	then . . .	Notes
<u>State Employee</u>	Decline	Rental insurance will not be reimbursed. The Department of Treasury, Division of Risk Management, provides a Statewide Self-Insured Automobile plan for State employees.
<u>Non-State Employee</u>	Accept	Only when the agency considers automobile rental reimbursable. Rental car insurance for these individuals may also be treated as a reimbursable expense. Insurance reimbursement should only include Liability Damage Waiver (LDW) and Collision Damage Waiver (CDW). Agencies are encouraged to set limits on reimbursement of this expense.

Car Rental Insurance (continued)

If the traveler is a . . .	then . . .	Notes
State or Non-State Employee Outside the United States	Accept	Individuals traveling outside of the territorial United States (including Canada, Puerto Rico) <u>are required to purchase</u> and will be reimbursed for LDW and CDW insurance. Other types of insurance offered such as trip cancellation, personal, health or life insurance are not reimbursable.

Traveler’s Tip The Department of Treasury, Division of Risk Management, covers all rental car damages and liability when the State employee is negligent or “at-fault.” This is why the employee should decline additional coverage (CDW, LDW, PDW, LIS, or SLI) by the rental car company.

However, for damage caused when no fault can be determined (hit and run, parking lot scrape and go, etc.), or by an uncontrollable act (hail damage, deer collision, rock to the windshield, etc.) the agency will be responsible for the repair to the vehicle. The Division of Risk Management offers “Lease Care” insurance to agencies to cover damages when no one is liable. This coverage is optional and each agency should make a decision on obtaining “Lease Care” coverage based on their particular risk situation.

Additionally, a traveler may encounter a situation when renting a car outside of Virginia and the car rental company requires the traveler to obtain coverage from the car rental company or show some evidence of insurance. The traveler should determine if this requirement is in effect for their travel destination and if so obtain a “Proof of Insurance” certificate from the Division of Risk Management. This can be obtained on-line from the Department of Treasury Web Site at:

Car Rental Refueling

Travelers must ensure that the rental vehicle is refueled before returning the vehicle to the rental contractor unless an exception is noted. Reimbursement will be based on the fuel used and receipts provided. Reimbursement must be claimed as an “other expense” on the travel expense reimbursement voucher.

In no instance should the traveler enter into a “Fuel Agreement” or pay for fuel at the time of rental or before vehicle is used.

International Travel

Approval Authority

In addition to all other policies set forth in this travel policy, the following policies must be adhered to when traveling internationally. The following approvals must be obtained in advance, dated and submitted with the travel voucher.

If the traveler is...	Then, approval must be made in advance by...
A State employee	The respective agency head or designee.
An agency head	The respective cabinet secretary.
A cabinet secretary	The Governor's Chief of Staff.

To ensure all travel meets the test of necessity, travel involving more than three employees from a single agency to a single international travel destination must be approved in advance by the Cabinet Secretary.

Air Travel Emphasized

The guidelines stated previously for air travel also apply to international travel. Specifically, airline travel cannot exceed the rates charged for tourist/coach fare except as follows:

With careful consideration of the reasonableness limitations specified in the *Expenses Must be Reasonable and Necessary* section of these regulations, the approving authority may grant permission for **business class** travel under the following circumstances:

- When it does not cost more than the lowest available tourist/coach fare (comparison must be attached to travel voucher), or

- If the traveler pays the difference

Reimbursement for first class travel is prohibited.

Per Diem Rates The Commonwealth of Virginia uses the lodging and M&IE per diem rates for foreign travel as defined by the Federal Government. The Secretary of State establishes these maximum rates of per diem allowances for travel in foreign areas.

Rates for cities and countries outside the 48 contiguous states can be found at http://aoprals.state.gov/web920/per_diem.asp by choosing the appropriate year in the left-hand column and then the current updated Maximum Travel Per Diem Allowance for Foreign Areas. If a specific city is not listed, use the “Other” rate shown for that country. The M&IE portion of the maximum per diem rate covers the cost of meals as well as incidental expenses.

Printouts of appropriate rates for the time of travel must be attached to the travel voucher for reimbursement.
