

Appendix A: Classroom Definitions

Electronic Classroom

- Room with an instructor computer and permanently installed projector, LCD panel, Plasma Screen, or Computer Monitor(s) for students to view materials from the instructor computer.

Mobile Electronic Classroom

- A laptop computer, a projector, and speakers on a mobile cart which can be easily moved to a classroom to be used for instructional presentations.

Computer Laboratories or Lab

- Room with a separate computer for each student that generally has each student working individually. Typically, classes are not scheduled to hold all of their class meetings in a "lab".

Computer Classroom

- Room with a separate computer for each student that generally is the regularly scheduled meeting place for a class.

Enhanced Classroom

- A document camera, control mechanism, and laptop connection.

Commonwealth Classroom

- The Commonwealth Classroom provides classroom size facilities for two-way video conferencing for large groups. It consists of:
 - a typical classroom-size room (25-30 people)
 - the most up-to-date interactive video equipment available to Colleges
 - Network. Virginia connectivity:
 - Campus LAN/Internet connectivity
 - power, lighting, acoustical and furniture considerations
 - Telephone and Fax
 - Optional equipment
 - ISDN connectivity and video display equipment
 - Video Projector
