VIRGINIA OUTSTANDING FACULTY AWARDS

To recognize excellence in teaching, research and service among the faculties of Virginia's public and private colleges and universities, the General Assembly, Governor, and State Council of Higher Education (SCHEV) established the Outstanding Faculty Awards (OFA) program in 1986. A special committee of education, business, and civic leaders assists SCHEV in selecting the recipients of these annual awards based upon nominees' contributions to their students, academic disciplines, institutions and communities.

2008 OVERVIEW

The 2008 Virginia Outstanding Faculty Awards are sponsored by the Dominion Foundation, the philanthropic arm of the Dominion corporation. Dominion's support funds all aspects of the program, from the Call for Nominations through the award ceremony. The selection process will begin in October; recipients will be notified in early January. **The 2008 OFA event is tentatively scheduled to be held in Richmond sometime during either February or March 2008. Further details about the ceremony will be forthcoming.**

At the 2008 OFA event, at least 12 awardees will receive award stipends of \$5,000 each. (Virginia statutes set no minimum or maximum number of annual awards; Dominion reserves the option to fund SCHEV to bestow more than 12 awards if the Selection Committee deems such worthy and appropriate.) **Included in the awardees will be one recipient recognized as an early-career 'Rising Star' and one recognized for outstanding 'Teaching with Technology.'** **At least one awardee will also be selected in each of three categories based on institutional type: research/doctoral institution, masters/comprehensive/baccalaureate institution, and two-year institution.**

The Outstanding Faculty Awards program is intended to recognize faculty from all sectors of the Commonwealth's higher-education system. For four-year institutions, Richard Bland College and all private institutions, nominations *must* be submitted at the institutional level, signed by the institution's president or provost. For community colleges, the Virginia Community College System (VCCS) *will* screen individual institutions' nominees to ensure that the VCCS's submission allocation of 30 nominees is not surpassed. **The use of campus-wide nomination committees is encouraged.**

Each institution as well as the VCCS is assigned a maximum number of nominations based generally on the size of its faculty. Nominee allocations for all institutions are listed herein. **Institutions are limited to one nominee in the Rising Star category; a Rising Star nominee does not count against an institution's maximum allocation of nominees. Nominees in the Teaching with Technology category do count against an institution's allocation.** Previous recipients are not eligible for subsequent awards.

This document and other information pertaining to the 2008 Virginia Outstanding Faculty Awards (including nomination packets from the 2007 recipients) are accessible through the State Council's website at <http://www.schev.edu/AdminFaculty/OFAprogramIndex.asp>.

SUBMISSION OF NOMINATIONS

A. Nomination Criteria

A NOMINEE MUST POSSESS A RECORD OF SUPERIOR ACCOMPLISHMENT AS A FACULTY MEMBER IN VIRGINIA.

1. A nominee *must* possess a record of superior accomplishment that **reflects strongly the MISSION of his/her institution**. A nominee's accomplishments will be judged in relation to the nature/type of his/her nominating institution. Recipients will be selected from across all sectors of Virginia's higher-education system; **the Selection Committee will endeavor to ensure that the distribution of awardees -- in terms of represented institutional missions -- is not out of proportion with the overall distribution of faculty across Virginia's institutional types/missions. To that end, at least one award shall go to nominees from each of the following three categories: research/doctoral institution, masters/comprehensive/baccalaureate institution, and two-year institution. Other categories of awards include: Rising Star, and Teaching with Technology.**

2. A nominee *must* possess a record of superior accomplishment **in the four areas of scholarly endeavor described in Ernest Boyer's *Scholarship Reconsidered* (1990, Jossey-Bass): (i) TEACHING; (ii) DISCOVERY; (iii) INTEGRATION OF KNOWLEDGE and (iv) SERVICE. A nominee will be judged in each of these four areas (within the context of Criterion #1 above).**
 - a. A record of superior accomplishment in the scholarship of **TEACHING** *should* contain clear and compelling evidence related to: (i) instruction; and (ii) student development.
 - b. A record of superior accomplishment in the scholarship of **DISCOVERY** *should* contain clear and compelling evidence related to: (i) scholarly works (objective, subjective and/or artistic); and (ii) scholarly activities.
 - c. A record of superior accomplishment in the scholarship of **KNOWLEDGE INTEGRATION** *should* contain clear and compelling evidence related to: (i) curricular development; and (ii) meaningful connections between a nominee's teaching and discovery.
 - d. A record of superior accomplishment in the scholarship of **SERVICE** *should* contain clear and compelling evidence related to: (i) institutional / academic service; and (ii) public / community service.

3. A nominee's record of superior accomplishment *must* demonstrate clear and compelling evidence of the **NATURE, LEVEL AND/OR DEGREE** of a nominee's: (i) **involvement / participation**; (ii) **effectiveness / success**; (iii) **impact / achievement**; and (iv) **recognition / acknowledgement** in the areas of teaching, discovery, knowledge integration and service. The nature, level and/or degree of this evidence *must* also be reflective of his/her institution's type/mission.

4. A nominee in the **RISING STAR** category *must* be in no more than his/her sixth year of continuous service as a full-time faculty member and *must* be in at least his/her third year of continuous faculty service in Virginia. A nominee in this category will be judged in each of the four aforementioned areas within the context of criterion #1.

5. A nominee in the **TEACHING WITH TECHNOLOGY** category *must* possess a record of superior accomplishment in integrating educational/instructional technologies into the student learning process resulting in enhanced and demonstrable learning outcomes. The nominee *must* demonstrate clear and compelling evidence of his/her effectiveness and achievements in promoting and enhancing student learning outcomes via the integration and use of technology in his/her instructional activities.

B. Nomination Submissions

1. Format

- a. Nomination submissions *must* be prepared using: (i) **standard 8.5x11-in. page size**; (ii) **standard one-inch margins**; (iii) **at least single spacing**; (iv) **size 11 font**; and (v) **Arial font style**.
- b. Nominations *must* be submitted in **two** forms: (i) **hard copy (paper)**; and (ii) **electronic copy (e-mail attachment)**. Formatting must be consistent across forms.

- e. Each of the seven required sections of a Nomination Package (see 2.a. below) ***must not exceed its prescribed maximum page limit.***

2. Contents

a. Nomination Package (19-page maximum)

(i) **Cover Sheet.** The informational Cover Sheet provided herein *must* be completed and submitted as the **first page** of the Nomination Package.

(ii) **Excerpts from Mission Statement.** Excerpts from the official mission statement of the nominee's institution *must* appear as the **second page** of the Nomination Package. The five or six sentences of the institution's mission statement that most accurately (and succinctly) capture the institution's core mission should be included. **Excerpts should occupy no more than one-half of a single page.**

(iii) **Summary of Accomplishments.** The major highlights of the nominee's record of superior accomplishments *must* be identified and briefly described in a summary. This document *must* directly address the nomination criteria (see page 3). The Summary ***must not exceed six pages***, and the amount of space/attention given to each area of scholarship (teaching, discovery, knowledge integration and service) should be reflective of his/her employment responsibilities and institution's mission/type. *The Summary may be prepared using bulleted sections; complete sentences are not required. Third-person perspective is suggested.*

(iv) **Personal Statement.** The nominee must prepare a **two-page** (maximum) personal statement addressing: the distribution of his/her faculty responsibilities across Boyer's four areas of scholarship; his/her educational philosophy; and any other information deemed relevant by the nominee. Restating accomplishments discussed in the Summary section *should* be avoided as much as possible. *Statement should be presented as a first-person narrative (complete sentences).*

Regardless of the number of letters, the excerpts *must not* exceed **three pages**.

(vii) **Additional Documentation.** Additional relevant documentation and/or evaluation of the nominee's teaching (e.g., summaries of student and/or peer evaluations), scholarship, knowledge integration and service *should* be submitted. Objective (quantitative) information is encouraged. This section *must* be typewritten (no audio or video tapes, CD-ROMs, etc.) and *must not* exceed **four pages**.

C. Nomination Stipulations

1. The Selection Committee **will not** review submissions containing Nomination Packages that are: (a) partial or incomplete; and/or (b) in violation of the format or content guidelines. A submission containing such a Nomination Package will be returned to the nominating institution for correction only if SCHEV staff deems that the package can be corrected, resubmitted and received by the October 26, 2007, deadline.
2. Nominating institutions **must** promptly communicate post-nomination changes in nominees' employment status (e.g., promotions, retirements, resignations or terminations). Retirement, resignation or termination—or failure to report such—*may*, at the Selection Committee's discretion, disqualify a nominee.
3. Individuals selected as recipients of the 2008 awards will be asked to submit an electronic color photograph to be used in the program for the awards ceremony. It is no longer necessary to include photographs as part of the nomination package.
4. All nomination materials become the property of the State Council of Higher Education for Virginia and **will not** be returned.
